

L&T Construction & Mining Machinery

**Instant Innovative
Crushing Solution**

L&T Crusher Bucket

L&T CRUSHER BUCKET

L&T CB250

Suitable for 20T class excavator

Features

- ▶ Direct drive technology for higher efficiency and low maintenance cost
- ▶ Reverse rotation feature for quick removal of stones in case of blockage
- ▶ Unique tooth profile and special wear resistant material for better crushing and jaw life
- ▶ Jaws design to allow interchangeability and rotation
- ▶ Dual sealing system for better protection
- ▶ Easily serviceable, rugged construction for ease of maintenance and durability
- ▶ Monetary savings in transportation and handling

Applications

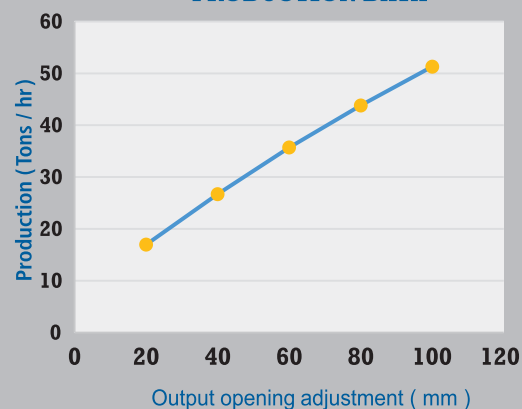

- ▶ Stone crushing
- ▶ Crushing and recycling of RCC concrete
- ▶ Mineral crushing in mining sites
- ▶ Production of raw material for construction of roads, pavements and embankments
- ▶ Re-handling in construction and real estate projects
- ▶ Crushing of slag for better re-handling

Technical Specifications

Recommended Excavator	Ton	20T
Bucket Capacity	CuM	0.7
Oil Pressure (Max)	Bar	210
Bucket Weight	Ton	3.1
Feed Size (Max)	mm	400

PRODUCTION DATA

Production data is specified under optimal conditions considering following factors

- > Feed material is medium hard
- > Feed size is max 400 mm and below
- > Crushing time is 80%
